

Coach-Manager Code of Encouragement

(Appendix to the existing code of conduct)

In addition to the Basketball Victoria Code of Conduct, we wish to convey a further "Code of Encouragement". This is something that we as a club wish to highlight and encourage in addition to the existing Code of Conducts:

We wish to encourage COACHES and MANAGERS with the following:

- You have a crucial role in displaying the **character of Christ**. Your role in the child's development has more influence than you may be aware of. Let the kids remember basketball as positive as they look back one day
- Parents may not display their **appreciation**, but be sure that your investment of time is greatly appreciated
- **Accept any decision** from referees or coaches with humility and without arguing. Kids feed off you and will mirror your example
